

Director of Energy Efficiency Services

Ecological develops and implements sustainability action plans for real estate portfolios, buildings, and tenants in order to reduce costs, improve efficiency, achieve regulatory compliance, and increase value. Our services range from metering and monitoring, to in-depth audits and analysis, to executing retrofit projects.

We are a dynamic, growing firm looking for an experienced energy professional with a state accreditation (PE or AIA) to be a part of our growing team. This is a management position that will be responsible for field work and for overseeing the implementation, management and development of all in-house energy efficiency services, including:

- ✓ Energy Efficiency Auditing, Analysis and Reporting
- ✓ Commissioning and Retro Commissioning
- ✓ Energy Modeling
- ✓ Energy efficiency retrofit project management

Requirements:

- Demonstrated experience completing multiple energy audits equivalent to ASHRAE Level II or higher in commercial and multi-family residential properties. Specific experience in the New York City market preferred. Experience must include all aspects of energy auditing from initial data gathering to final report writing.
- Strong familiarity with energy modeling, commissioning and retro-commissioning. Hands on experience highly preferred.
- Strong familiarity with commercial and multi-family residential building management and operations.
- Detailed knowledge of the commercial building design and construction process for both new construction and building retrofits.
- Licensed Professional Engineer (PE) or licensed architect (AIA) REQUIRED. Please do not apply for this position if you do not hold a PE or an AIA, with relevant experience.
- Certified Energy Manager (CEM), Certified Energy Auditor (CEA), Certified Building Commissioning Professional (CBMP), or Commissioning Process Management Professional (CPMP) desired but not required.

Compensation: Compensation package commensurate with experience. Full health and dental plan provided.
